PROFESSIONAL EXPERIENCE

AI MOTION DESIGNER

HERA / FREELANCE / AUG 2026 - SEP 2026 / BERLIN, DE

- Created brand-aligned product visuals, editable Figma interfaces, and After Effects animations for HERA client projects, translating product references and messaging into clear visual stories and tailored campaign variants.
- Built reusable, AI-assisted creative workflows linking scripts, visual assets, motion components, and quality checks across client projects.

SENIOR MOTION DESIGNER: BRAND & VIDEO PRODUCTION

HYGRAPH / APR 2023 - APR 2026 / BERLIN, DE

- Led Hygraph's visual design across brand, motion, website, product onboarding, campaigns, and paid ads, building creative systems for marketing and product touchpoints.
- Developed brand and motion systems from concept to execution, and art directed rebrand and launch campaigns with crews, editors, and contractors from storyboards and shoots through final delivery.

MOTION DESIGNER & VIDEO PRODUCER

HYGRAPH / OCT 2021 - APR 2023 / BERLIN, DE

- Produced promotional and campaign films, partner videos, and employer-branding content for Marketing, Product, People, Partnerships, and DemGen.
- Created website animations and motion assets, helping shape Hygraph's early visual language while collaborating with production crews and the Brand Designer from storyboarding through delivery.

HAPPINESS ENGINEER

AUTOMATTIC (WORDPRESS.COM) / AUG 2017 - SEP 2021 / REMOTE

- Supported WordPress.com customers and business users with technical issues involving PHP, CSS, WordPress CLI, themes, plugins, and site setup; resolved front-end issues as a member of the CSS Guild.
- Led one-to-one onboarding sessions and designed a custom experience for the internal Happychat tool; carried out CSS training for team members.

FULL-CYCLE DESIGNER AND VIDEO PRODUCER

THE CURIOUS ENGINEER / JUN 2015 - AUG 2017 / MUMBAI, IN

- Co-created animated science explainers that helped grow the YouTube channel to more than 87,000 subscribers.
- Produced illustrations, motion design, animation, editing, and sound design, working with creators, contractors, and sponsors including Google to make complex science accessible and engaging.

INDEPENDENT DESIGNER

FREELANCE / JUN 2013 - AUG 2017 / MUMBAI, IN

- Delivered brand identity, motion design, illustration, web design, and video production for clients including Google, K-391, and Velosofy; work included Google's YouTube Playbook for Brands and the identity for K-391's Probackmusic.
- Built creative systems for creators and digital products, from logo systems and visual languages to motion direction and launch assets.

HEAD OF DESIGN

PROGRAMMING HUB / JUN 2016 - NOV 2016 / THANE, IN

- Led product and visual design for the Android app, including its core learning experience, mobile code compiler, and app icon, while building the brand and visual system as the platform grew to more than 5 million users.
- Produced promotional videos and launch assets that translated product features into clear stories and supported campaigns and product launches.

FRONT-END DESIGNER AND DEVELOPER

DESTYLIO / SEP 2015 - JAN 2016 / MUMBAI, IN

- Developed responsive websites from the ground up using HTML, CSS, PHP, and JavaScript, building their structure, styling, and interactive front-end experiences.
- Translated Photoshop mockups into pixel-accurate web interfaces, matching the supplied designs in layout, typography, color, and detail.

BRAND AND VISUAL DESIGNER

SUPER RESUME BUILDER / FREELANCE / AUG 2014 - SEP 2014 / MUMBAI, IN

- Designed the app icon and brand identity for Super Resume Builder.

MOTION DESIGNER

STUPIDSID / INTERN / NOV 2013 - JUN 2014 / MUMBAI, IN

- Created motion graphics promos and explainer videos for social media campaigns, shaping the visual content to communicate each campaign's message clearly.
- Supported senior designers throughout production, contributing to storyboarding, animation, editing, and final asset delivery.

ACHIEVEMENTS AND SPEAKING

- Distinguished Happiness Engineer - awarded by WordPress.com / Automattic (2019)
- Speaker, WordPress Singapore: "Journey Through CSS Grids" - April 2018, Singapore
- Brand identity featured in [YourStory's](#) article on Super Resume Builder
